Do you support (S), oppose (O) or are you undecided (U) about the following proposals?

1. Ban federal funding to organizations which perform abortions, such as Planned Parenthood.

Support

Explanation I am pro-life, and will fight for pro-life policies and judges.

2. Bar federal funding to state or local governments which do not cooperate with immigration law enforcement.

Support

Explanation _____

3. Decriminalize marijuana possession.

*This is a state issue, not a federal one. I support letting states decide their own policies under the 10th Amendment.

4. Add further restrictions on the process of purchasing a gun.

Oppose _____

Explanation __I am a supporter and defender of the 2nd Amendment, and will continue to fight for the freedom of individuals to keep and bear arms in accordance with the Constitution._____

5. Abolish the Electoral College.

Oppose _____

Explanation _The electoral college protects small states from the tyranny of large ones.

6. Require proof of citizenship to register to vote.

Support

7.

Build a wall along the southern border.

7. Provide undocumented migrants access to government-subsidized healthcare.

Oppose _____

Explanation __People here illegally should not have access to government services except in emergencies (fire, preservation of life in an emergency room, etc.)

8. Support increased use of nuclear energy as a source of electric power.

Support

9. Restore tax penalties for people who do not obtain health care insurance providing services mandated under “Obamacare” regulations.

Oppose

10. Have the federal government take responsibility for repaying all student loan debt.

Oppose

Explanation _This amounts to an immoral transfer of wealth from the economic “lower 75%” to the upper 25%. There are much better ways to reform student loans to forestall future crises.

11. Provide sufficient regulatory and tax incentives to reduce the use of fossil fuels in cars and power plants by 90% by 2050.

Oppose

Explanation _This is the role of the free-market system, not additional instances of government picking and choosing winners.

12. Provide tax credits for costs incurred by parents of children educated at home or in private schools.

Support

Explanation: School funding is provided by parents through property taxes; the money should follow the student.

13. Require churches, schools and other employers to hire homosexual or transgender persons to work with children, regardless of their strongly held religious objections.

Oppose

Explanation: The First Amendment right to freedom of religion and association overrides other concerns in this case.

14. Raise the minimum wage to \$15 an hour.

Oppose

Explanation: Local governments should retain the right to set minimum wage; top-down planning creates serious problems.

15. Allow physicians to assist persons with health problems to terminate their lives.

Oppose

16. Require welfare recipients to seek work and refrain from drug use.

Support

17. Allow undocumented immigrants who have worked for seven years, paid taxes and not committed crimes to become citizens.

Oppose

Explanation_ Without additional rules, this creates an unofficial “waiting list” for immigration status that subverts the legal system.

18. A constitutional amendment to protect innocent life from conception to natural death.

Support ___

19. Increase tax rates for corporations and individuals with incomes in the highest 10%.

Oppose

20. Support a strong U.S. presence in the Middle East.

Support _____ Oppose _____ Undecided _____

Explanation__ This question lacks specificity. I am against foreign entanglements, and believe we should end our wars in the Middle East unless they are authorized by Congress under Article 1, Section 8.
